1. We want to support churches in their work, making Precept Bible study material available to each person who desires to dig deeper in God’s Word.
2. We aim to establish Precept study centers around Taiwan, so that anyone anywhere can study the Bible inductively.
3. We aim to provide ongoing training for leaders, so that while they are leading Bible studies they can improve their skills and deepen their walk with God.
4. We aim to take groups abroad to experience and understand the Bible teaching work of Precept in other countries and broaden their vision for God’s work.
